MEMBERS PRESENT

G. Allen

INTELLIGENCE PRODUCTION COURSE

The current class is scheduled to visit IAS on Thursday, 29 March, 1410-1515. They will receive about a 20-minute briefing from the Director or the Special Assistant on the role of IAS before going to the divisions.

VISIT OF

Agenda for the IAS visit of the [ ] representative will be disseminated soon.

LARGE SCALE SYSTEM ANALYSIS COURSE

Mr. Allen highly recommended this 5-day course that he and [ ] took this past year. The course is designed to introduce the user/manager to the systems approach and to develop sensitivity and awareness of what ADP systems can do. Mr. Allen asked for names of candidates by 26 February (at division/deputy division and branch chief level and the Special Assistant) for the next course scheduled 12-16 March.

AMERICAN SOCIETY OF PHOTOGRAMMETRY

ASP's annual convention that includes technical sessions and exhibits, is scheduled week of 12 March at the Washington Hilton Hotel. The exhibits would be of most interest to IAS and could be viewed in about 2-3 hours.

25X1 PLANNING

25X1 The   program is entering a new phase of planning. OSP is working with NPIC to establish separate groups to work on development of the various segments of this program. NPIC and IAS will participate in the Readout Group   people initially and ultimately   that will be organized into four teams to consider--operations, equipment, space, and ADP. Mr. Allen suggested that IAS consider assigning someone to either operations or ADP. He asked for nominees for what probably will be a one year tour.
